**Advanced Roofing Technologies Wins Verisco Gold Medal  
Quality Award  
Awarded for consistently providing excellence through service and  
installations**

FORT COLLINS, COLO.- April 6, 2010— Local roofing company, Advanced Roofing Technologies, was awarded for the second year in a row the Verisco Gold Medal Quality Award for their work in 2009. The Gold Medal Quality Program identifies the Versico Contractors who have set themselves apart by providing high quality installations on a consistent basis; this means that Advanced Roofing has consistently installed Verisco systems that are virtually free of defects and punchlist items upon final warranty inspection.

Advanced Roofing has been honored among the most elite groups of roofing professionals that contribute to the Verisco commitment in providing services that promote outstanding craftsmanship and long-term quality. Gold Medal Quality Contractors achieve outstanding inspection ratings on a job-by-job basis and are evidence of the high standards set for all Verisco Contractors and system installations.

Advanced Roofing was founded in 1993. Dedicated to providing exceptional customer service at a great value, Advanced Roofing is locally owned and operated, and strives to bring excellence to the roofing industry. Advanced Roofing is proud to be part of the local community and is honored to support numerous non-profit organizations as well as promoting youth development.
